

BELIEVE. ACHIEVE. SUCCEED.

Monday, 15th of October.

Welcome back to Room 62

Welcome back to Room 62 for Term Four. Last term was so full on and I hope everyone enjoyed their well deserved holiday. Term Three was another challenging term as students were again challenged to stick to their goals set during Student Involved Conferences. As I said last term, we still have a lot of knowledge to gain but so much to reflect on and be proud of.

It was good to see you at Student Involved Conferences last term and I think it was great that we were able to reflect on previous terms and focus on how your child can improve. Room 62 started the term off focused and ready to tackle our goals set during conferences by sticking to our action plans.

MI Cultural Focus Breakout was a good way for our class to work together and put forward an awesome presentation in the exhibition of learning. For this module we created a bid for the Commonwealth Games to be hosted in Bangladesh. We learned some interesting stuff about this country and it was awesome to see Room 62 get stuck in to their work and learn new things. This time was really enjoyable for all of us and I am so proud of the work they produced.

There was a heap of things going on in Term Three; Rewa's Got Talent, Bandquest, MI Speech Comp, cultural performances and much more. Students from Room 62 participated in sports, music, service, culture and academics. It is good to see students participating in all avenues of education!

What to Expect This Term

MODULE 8 - MI Place. In Term 4 we will be exploring different places in the world and how people and animals adapt to their specific habitats. To start this module off we took a trip to the Auckland Zoo. A great day out that sparked a lot of interest and questions that we are looking forward to exploring throughout the term. A special thanks to our whanau who came along to help out on the day; such an awesome experience would not have been possible without you.

MODULE 9 - MI Experience. This module will take us outside of the classroom to have opportunities for different experiences that will broaden our learning and provide us with some unique adventures.

STUDENT INVOLVED CONFERENCES - These are happening on the 13th of December. Please complete the form that is sent home and book in your preferable time. I look forward to having one last chat for the year about your child's progress.

UNIFORM - The correct uniform for Term 4 is no longer long sleeve tops worn underneath tops or long pants and no beanies. Students are now able to wear plain black caps and are encouraged to do so. Also a reminder that plain black shorts are needed for fitness and PE.

ATTENDANCE AND LATENESS - As mentioned in Term 3 please ensure you get hold of me if your child will be absent or late after 8:40am. Please bring any late students directly WITH YOU to the office. Thank you for your efforts to ensure this continues to be a priority. If our attendance is strong then not only do students do better with school work but they also get rewarded with mufti days.

HEALTHY FOOD AND WATER - This has been something that Room 62 needs to improve. Please help them make something that is nutritious, simple and tasty every day of the week; I've seen way too many lollies and fizzy. Water bottles are also an essential part of helping your child learn. Students are encouraged to bring a water bottle to every class.

Your child's teachers for this term are:

<i>Humanities:</i>	Mr Cian Byrne-Hansen
<i>Math:</i>	Mrs Suman Sharan
<i>Science:</i>	Mr Alan Lennox
<i>Social Development:</i>	Mr Eriha Kapa
<i>Foods:</i>	Mrs Anne-Marie Rowney
<i>Languages:</i>	Miss Sidd Apiata
