REFLECTION ON TERM 1

What a great Term One we have had here in Room 12. We have all accomplished so many different things in such a short amount of time. These include making money at our very first MI Night Market together, pushing ourselves to the limits while hiking up Rangitoto Island, overcoming challenges at MI Survival Camp, singing our hearts out at School Singing, learning our school values, boogieing the night away at the Easter Social and so much more!

Room 12 tamariki (children) had fun moving around their different curriculum subjects each day. They were exposed to new and challenging tasks in several areas of learning. For example, they were taught how to choreograph their own dance in Performing Arts, practiced sustainability in Sustainable Enterprise, tackled math problems using appropriate strategies, and read for their own enjoyment.

We have had many opportunities to take our learning further and we will continue this throughout Term 2 - Module 4: MI Ancient Civilisations.

NEW LEARNING FOR TERM 2

Module 4 - MI Ancient Civilisations

This will be an inquiry into how people pass on and sustain culture and heritage for different reasons and that this has consequences for people.
