

Term Two | Monday 29 April 2019

TERM ONE REVIEW

What a term it was! I am very pleased to say that all Room 79 students did a great job in Term One. Your child has sealed their place as a valued member of both Room 79 and the Kauri Aiga.

In Week 4 we welcomed our Year 7's into the class. They have quickly adjusted to the culture of our class and we look forward to what the rest of the year has in store for us.

Throughout Term One your child had been learning about the MI WAY - How they live and learn at MI. This was the overarching theme across all subject areas. There was a great emphasis on breaking down the Graduate Profile and getting students to reflect on how they are going to work hard at living out the eight aspects of the Graduate Profile. In form class we have been focusing a lot on how we can transfer sporting concepts in to our classroom learning. This is still something that the students are developing and will continue to develop throughout Term Two.

Thank you to everyone who attended Student Involved Conferences. I look forward to meeting with you again at our next one in Term Three.

CELEBRATIONS!

Huge congratulations to Carol Fuamatu who was chosen to be part of the Curriculum Council for 2019. Also to Semu Unasa who was chosen to be part of the Community Council for 2019. These are both great leadership opportunities.

BELIEVE. ACHIEVE. SUCCEED.

SURVIVAL CAMP REFLECTION

Camp was a blast! Although we were only a class of Year 8's for camp, Team 79 showed persistence and had lots of fun! We had the fun task of travelling into town and catching the ferry to Rangitoto. Our class set a challenge to walk up Rangitoto as fast as we could. For a walk that is estimated to take 1 hour and 5 minutes, Team 79 managed to do in 21 minutes!

Although it poured down in the last evening, Team 79 had a great time connecting with one another and building the foundations that will set us up for a great year!

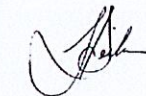

Thank you to Lupe's dad Tu'a for his valued assistance throughout camp!

TERM TWO OVERVIEW

Module 4: MI Ancient Civilisations begins. I am excited to see what amazing learning happens throughout their subject areas.

Term Two will be another busy term so your child will need to be on top of both their academic and sporting commitments. It is important that your child values their learning, and soaks in as much information presented to them in class so that they can talk to you about what it is they have learnt. I ask that you keep encouraging them so that together we can build and develop a great leader, role model and academically powerful student.

Fa'afetai lava

Mr Peilua

SUBJECT TEACHERS	UN SHOW
<p>Humanities: Ms Tangaere Math: Ms Kaur Science: Ms Fox PE: Mr Shephard Digi Comp: Mrs Kearney XPLO Tech: Ms Scott</p>	<p>MI Cultural Focus Breakout will happen throughout Weeks 8 and 9. The students will study about a chosen country and will then perform an item relating to that country on the evening of Wednesday 3 July. Very exciting!</p>

NOHO MARAE

Team 79 will have their class noho marae on Tuesday 14 May. This is a learning opportunity that all students in 79 are required to attend. Your child will come home with a noho marae consent form for you to fill out and return to me the very next day.

HOMEWORK CLUB

Homework Club was a great success in Term One. This initiative has been vital for your child's learning extension. Homework Club will continue in Term Two every Wednesday afternoon from 3-4pm.

ATTENDANCE

Our class attendance across Term One was over 90%. Although this is a great effort, it is important that your child avoids taking days off. This will ultimately improve their learning progress. I will be calling you if your child is away. If you see either of these numbers 2668268 or 0212055033 please pick up - it's just me worried about your child.

WHAT'S ON?

- Mon 29 Apr:** Term Two begins
MODULE 4 BEGINS: "MI Ancient Civilisations"
- Wed 1 May:** Zone Orienteering
- Thu 2 May:** HPV Dose 1 (Year 8's)
