effort.

Rm 33 Class Newsletter!

Tena Koe, Talofa Lava, Malo e lelei and Hello!

Monday July 22nd

"To move a mountain, start with small stones."

I hope you have been able to spend a bit of time to relax with your child over the holidays! What an action packed term we have recently finished! From the UN SHOW to Ancient Civilisations learning, we have experienced a lot and there are a number of exciting events happening this term! I have decided to touch on the following for this term:

UN SHOW

Thank you to those who helped and supported us during our UN SHOW module. Your support was needed and Room 33 appreciates it! Japan is an amazing country and we all learnt a lot about it! We hope we put on an amazing performance for you all. As the great William Wairua says "Do the mahi, get the treats!" We worked really hard and hope to have made you proud. Well done Room 33 for putting in a top effort!

Passion Pursuits and Options

A big mihi to all the students in Room 33 who have religiously been attending their chosen pursuit and option: learning new skills and increasing their talent range. Next term we continue with Options and Passion Pursuits- where in Term 4 your child will perform at Passion Pursuits evening; showcasing skills learnt throughout the year!

The Big Three

Please note that the uniform conditions carry over for this term. A reminder, girls will be permitted to wear tights under their skirts for warmth. Secondly, students will also be permitted to wear plain black pants. These can be purchased at The Warehouse for \$10 and can help your child stay well. Finally, students will also be allowed to wear a black skivvy or long undershirt underneath their school shirt. I encourage your child to stay warm as the winter months affect student attendance greatly. If you have any questions, please contact me. On a side note Rimu whanau won two free mufti days because we had excellent attendance #nodaysoff.

Lunch Time Sport

I have enjoyed seeing our students work together in playing Jedi Dodgeball. It's great to see their diverse strengths combine to challenge other classes. My continuing expectation is that everyone participates in some way, shape or form. I was happy with the effort from the students and this reflected in their result. Room 33 was skilled enough to win the competition against a highly skilled Room 14! Special mention to Dizzan aka The Hammer for his powerful targeted strikes at the opposition. Secondly a special shout out to the jedi who were sneaky enough to avoid getting hit! #hypoenergy

Respect

Respect goes to ways. I see some great examples of respect and what that should look like in our classroom. There are a couple of areas we could work on together. This includes: Looking after our classroom and its contents, being aware of eachothers presence and respecting personal space. I expect all to treat everyone and everything with respect and I look forward to seeing more progress in this area during this term.

Here's to the second half of the year,

Ken Bailey
