Dear Parents and Caregivers

Welcome back to Term 3. Wow, what a busy Term 2 we had. Thank you so much for your support with our UN Show and Food Festival. It was wonderful to see Room 69 perform so well and have so much fun doing so. This term is another busy one with Module 6 MI Forensics and an exciting breakout Module 7, MI Expression STEAM fair. STEAM is Science, Technology, Engineering, Art and Math combined to produce an exciting project.

Room 69 subject teachers for the year:

Physical Education - Rob Shephard

Science - Jenny Oh

Math - Allison Leiataua

Humanities - Aimee Burnett

Term 3 module teachers for Room 69:

Art - Junior Peilua

Languages - Iri Maki

I hope you're looking forward to SIC's in Week Three. I can't wait for you to see the progress your child has made during their learning journey. I would recommend 20 minutes a night reading. This is an awesome habit to build into their nightly routine and is proven to "increase engagement and achievement" An excellent base to a healthy mind is a healthy body. Rather than sending your child with money to buy lunch, why not challenge them to make their own filled roll, sandwiches or even better bring in leftovers from last night's dinner. YUM. Waste not, want not. We had some success in Term 2 with attendance and managed to get a few days of 100% - YES! This term our aim is to do even better. Please help us succeed by supporting 100% attendance daily.

Yours sincerely,
Amanda Scott
