effort.

Rm 33 Class Newsletter!

Tena Koe, Talofa Lava, Malo e lelei and Hello!

Monday October 14th

I hope you have been able to spend a bit of time relaxing with your child over the holidays! What an action packed term we have recently finished! From the STEAM Fair to Forensic Science, we have experienced a lot and there are a number of exciting events happening this term!

STEAM Fair

Thank you to those who helped and supported us during STEAM Fair! Your support was really appreciated. From helping with materials to offering encouragement and support, this really helped us create amazing pieces as individuals and as a class! We worked really hard and hopefully made you proud. Well done Room 33 for putting in a top effort! You should be proud of your mahi!

Personal Improvement

A big mihi to all the students in Room 33 who have been striving to improve their behaviour, effort and academic progress this year! There is still time for progress to be made. A large number of Rm 33 students have been attending homework and Minecraft club- helping cultivate their talents. Keep it up!

Attendance and Lates

Last term we had a number of students away and late for unsatisfactory reasons. If our students aren't at school they miss out on vital work and fun activities. Secondly, our class had the most late students in Rimu whanau. We need to focus on our punctuality this term. Our whanau have been on a roll, winning the weekly competition frequently. We need to do our part by being at school. On time! Every day! #nodaysoff.

Marae Stay

We have been fortunate to have another marae noho as a class. It was a great opportunity to get to know each other better and participate in a range of activities to strengthen our class culture. From cooking dinner together to reciting our pepeha and playing a range of sports- it was great to see people being respectful and displaying our values of respect, manaakitanga and aroha.

Respect

Respect goes two ways. I see some great examples of respect and what that should look like in our classroom. There are a couple of areas we could work on together. This includes looking after our classroom and its contents, being aware of each other's presence and respecting personal space. I expect all to treat everyone and everything with respect and I look forward to seeing more progress in this area during this term.

Here's to finishing 2019 strong,

Ken Bailey
