

TEAM TAWA 2019

Together Everyone Achieves More

Monday 14 October 2019

Welcome to Term 4, Room 69.

It is hard to believe how quickly this year has gone by. One more term for your child to achieve their greatest potential in all areas of the curriculum.

Thank you all for your patience as I recovered from my hand surgery. Your child has been a wonderful support to me during this time also.

Term 4 is another exciting term. The big idea is "Diseases and Cures" with a focus on how diseases and their cures have helped shape our world.

I am excited to teach Room 69 for XPLO-Tech in Term 4. This curriculum area is one I am very passionate about. Your child will be upskilled in areas of engineering and technology and will create an amazing wooden lamp to bring home for you all to enjoy.

I look forward to seeing you all at the next MI Night Market in Week Six as we raise funds for the Tawa Whanau Fun Day and at our end of year Student Involved Conference in Week Nine.

Thank you so much for all your support over this year. I really do appreciate it and I know your child has benefited from our joint efforts to encourage them to be the best possible student they can be.

Please keep contacting me if you have any issues or queries.

Yours Sincerely:

Amanda Scott

Healthy lunch:

Sandwiches, rolls, fruit and water are some of the necessary foods for the healthy minds of our kids.

Home Learning:

At least 20 minutes a night should be spent reading and learning their basic facts. Please feel free to talk to me if you are unsure of how to get this happening at home.

Teachers for Term 4:

Physical Education-Rob Shephard
Science-Jenny Oh
Math-Allison Leiataua
Humanities-Aimee Burnett
XPLO-Tech-Amanda Scott
DIGI-COMP-Tanya Kearney
