TERM THREE REVIEW

E muamua lava ona sii o le viiga le Atua.

What a term it was! I am very pleased to say that all Team 79 students did a great job in Term 3.

In class, Team 79 explored Forensics. There was some great learning happening around this topic and I hope you have had a chance to sit down with your child to understand more about this. We also had fun throughout our STEAM Fair investigation process. We looked at running speed on a variety of surfaces and created a model of an Olympic Stadium.

The class also wrote informative autobiographies, which I hope your child has shared with you. It has been awesome getting to know your child more.

There was also some great success from our students at various sports tournaments. Many students of Team 79 contributed to Rugby League and Basketball.

Our class attendance needs to improve. It was a disappointing term for us, and a step backwards from our great attendance record in Term 1. It is vital that your child is present so that they can learn as much as they can.

NZ AIMS GAMES 2019

Jackson (c), Braydon, Tarzan, Jaydon and Semu were selected to represent our school at this year's NZ AIMS Games.

Our boys won the bronze medal which makes them the third best Intermediate rugby 7s team in New Zealand. A massive achievement!

TERM FOUR OVERVIEW

Module 8: Diseases and Cures begins. I look forward to inviting you to witness what your child has learnt during this time.

Our Form Class subjects will focus on MI Self and Peers during Hauora, Careers during Monday Magic, and Global Discoveries during Friday Frenzy

Term 4 will be another busy term so your child will need to be on top of both their academic and other school commitments. It is important that your child values their learning and soaks in as much information presented to them in class so that they can talk to you about what it is they have learnt. I ask that you keep encouraging them so that together we can build and develop a great leader, role model and academically powerful student.

On Tuesday 10th December our final Student Involved Conferences (SIC) will take place. I look forward to discussing with you your child's school life progress. Please feel free to phone me or come in to school to have a chat about your child at any time. You don't need to wait for the Student Involved Conferences!

Fa'afetai lava

SUBJECT TEACHERS

Humanities:	Ms Hardwidge
Math:	Mrs Kaur
Science:	Ms Fox
PE:	Mr Shephard
Music	Mr Huata
Food Tech	Mrs Rowney

HOMEWORK CLUB

Homework Club will continue in Term 4 every Wednesday afternoon from 3-4pm.

ATTENDANCE

It is important that your child avoids taking days off. This will ultimately improve their learning progress. I will be calling you if your child is away. If you see either of these numbers 2668268 or 0212055033 please pick up - it's just me worried about your child.

LATES

It is important that your child is at school on time—this means well before the 8.40am bell to begin the day. Being on time will help your child to avoid lunch time community service.

ORGANISATION

Your child must come to school with the right gear. This includes correct uniform and pens!
