

# ROOM 75

## ADVENTUROUS RISK TAKERS, PERSISTENT, FOCUSED ACHIEVEMENT

Tena koutou katoa, Talofa lava, Fakalofa lahi atu, Malo e lelei, Ni sa bula vinaka, Ni hao, Namaste, Mabuhay, Hello and welcome!

### About Me:

My name is Lerly Ata and I'll be your child's form teacher for 2020. I am from the Philippines and this is my 8th year of teaching but will be my first year at Manurewa Intermediate School. I am thrilled to be with your child in Room 75 and to be part of the passionate, dynamic, and highly competent workforce of MI.

### Our SMART Goal:

**"Right place, right time, right gear."**

This perfectly sums up your child coming to school everyday with the right gear and uniform. MI has established an excellent reputation for providing quality education and an environment for students to learn and grow independently, thus molding them to become responsible citizens. This term, as we focus on **RISK TAKERS**, we encourage you to send your child to school so they can join and enjoy academic and extracurricular activities.

### The Good Start:

The first three weeks of school will be filled with activities that will help students achieve their utmost development in social, emotional, physical, and interpersonal skills. Room 75 will be introduced to routines that will enable them to unlock their independence and leadership skills. The school has set high standards for everybody, I have a high standard for my students and I expect them to deliver one as well.

### Contact and Visit:

You are very welcome to see me before and after school. Room 75 is widely open for you to come and say hi or ask about your child's daily performance. On the other hand, I will also contact you for concerns with regards to your child. My number is **0276021531**.
