

ROOM 37

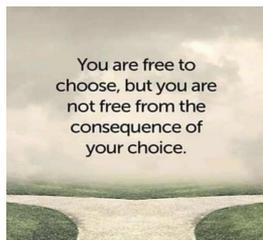

Term 2 - 15th April 2020

Salam, Kia orana, Bula, Mālō e lelei, Talofa, Kia ora and welcome to the second term of 2020. Term One has proven to be an amazing and exciting term and there has been many accomplishments that your child has made since the beginning of the year.

As preparation for our camp at Motutapu Island we started the first week with the Night Market. Thanks to all the students and parents who contributed either through their time or provided items for us to give away on the night. Following that, was a challenging and inspiring three days where we climbed to the summit of Rangitoto and camped near the beach on Home Bay. I was incredibly impressed with how proactive, resilient and a team player that your child was. There were many learning opportunities taken on board and they proved to be more than up to the task. A special thanks to Leslie, Tim and Te Ariki who came and assisted their whanau on the trip. I hope you gained as much from the experience as I gained from your invaluable assistance.

Class Teachers for Term 2:

- Humanities:** Erin Marsh
- Math :** Uane Davidson
- Science:** Lerly Ata
- Art:** Shar Hardwidge
- Languages:** Whaea Iriarangi
- P.E:** Melissa Lee

Jo McB

Marae Stays

All Marae Stays planned for Term 2 have been postponed until further notice due to current social distancing rules. I will let you know if there are any changes to this as we get further into the term. Thanks for your understanding.

Moving forward to Term Two. This is an unusual time for all of us and I hope that you have been keeping safe and well. I also hope you've been managing to occupy yourselves at home over the last two weeks. Lots of you have been taking advantage of the time to do some learning, which is wonderful. I suspect that you have some very clean houses too! I loved touching base with you all for the Student Involved Conferences last week, though it was strange not to see you in person. The students in Room 37 have set some great personal Graduate Profile goals and I look forward to talking more about how we can develop these over the course of the term.

As most of you will know, we have a Room 37 Google Classroom space, where students can find all of their work. This work will also be shared via email links to the students school gmail accounts. We will meet on Google Hangout each weekday, until we can return to school. This meeting time is where students and whanau can ask questions about learning and set work.

If you have any questions or wish to discuss your child's learning, please don't hesitate to contact me either on 021 931 971 or jom@manurewaint.school.nz
