Note not an early finish!

Our Whānau will be at home for online learning Monday, Wednesday, Thursday and Friday. On these days you need to be at home doing your school work and attending your normal Google Meets.

STUDENT SUPPORT

We are committed to providing a safe environment for all our students and staff.

Our Social Worker, Counsellor and Support Staff are on-site here at school and are happy to help you with anything that you might want or need.

#GETVAXXED #GOTYADOT

Some people are unable to get vaccinated, for a number of reasons. But if the rest of us who are able to (12 years and older) go and get vaxxed, then we have made ourselves safer, our whānau safer, and all of our community safer, including those who can't be vaxxed.

WE CAN DO THIS!

We can do this! We just need you to engage with your teachers and give it an 'honest go'. Please do not hold back, or disengage now!

You have done so well....let's keep going until the end of the school year!

KIA KAHA

Thursday 11th November 2021

Tena koutou katoa, Talofa lava, Malo e lelei, Kia orana, Nisa bula vinaka, Fakalofa lahi atu, Ni hao and Hello to all.

It is exciting to have you back at school on-site! The lockdown has been tough – for you, your whānau and for our whole community. BUT...we've done it and we're back! And happy to be so!

Our school and staff (all of whom are fully vaccinated, except for three who are due for their second vaccination soon) are ready and waiting for you to return and it is safe for us all to be so – by following all the health and safety rules detailed here. When everyone follows them it is even safer! So let's go! I really hope this flier helps you and your whānau understand what we are doing to look after you and them.

The box to the left is where you will see what day you are at school. The other days you remain at home, doing the distance learning programme you are currently doing. If your whānau is onsite but you are not, you will continue with your form teacher working as you have been, meeting at your set google meet times. Once we have seen how many students return per whānau we may extend an invitation for each whānau to have a second on-site day from Monday 29th November. Until then, each whānau will be on-site one day per week.

Any student who has been at school during Level 3 is able to continue attending every day in their same bubble with Mr Davidson. Any new students who need to be at school full time can now also attend and join a bubble.

Also a reminder what I said in my email of a few weeks back – school will be different when you return (but hey at least we are back). We will initially have a focus on wellbeing, being joyful and together again with friends and staff. Learning will continue in varying forms but will not be the priority.

I really want you all to understand this from the get go. Kia kaha, kia māia, kia manawanui!

Malo Rimu Wolfpack!!

It is awesome to see you all in person again! What a crazy time it has been but now we can move forward and look ahead to hopefully an uninterrupted rest of the year! You will see that school will not be the same, but we will make sure you are well looked after and that you enjoy it. Connect with your classmates and look after each other. My office door is open if you want to come in for a chat.
