

In gratitude for providing data for **Every Day Matters**, the Ministry's term-by-term attendance data collection.

This supplemental report **compares your school's attendance to schools of similar type, decile and region.**

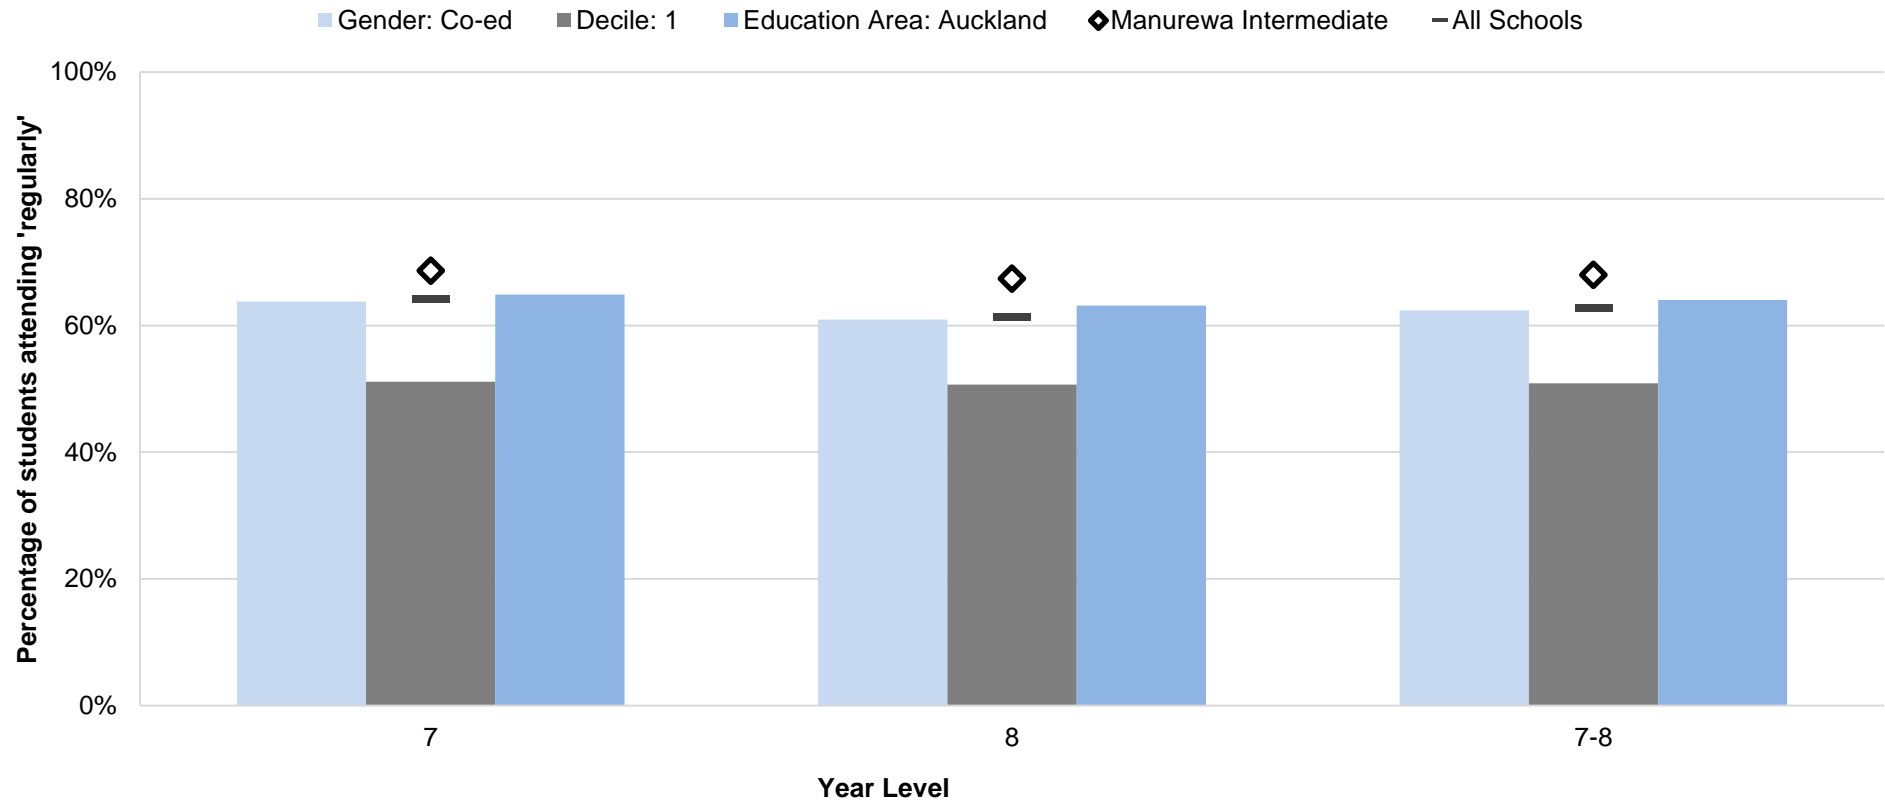

Any **gaps** in the charts and tables show missing data.

Please direct any **questions or requests** for assistance with this report to your **local Ministry office** or email [EveryDayMatters@education.govt.nz](mailto:EveryDayMatters@education.govt.nz)

*'Regular'* attendance is defined for statistical purposes as 90% or higher. However, Ministry of Education analysis shows every day has a cumulative impact on a child's learning and there is no 'safe' level of non-attendance.  
**Every day matters.**

## 'Regular' attendance, by Year level (Term 2, 2021)

Comparing the proportion of students with 'regular' attendance at **your school** with national and like-school benchmarks.

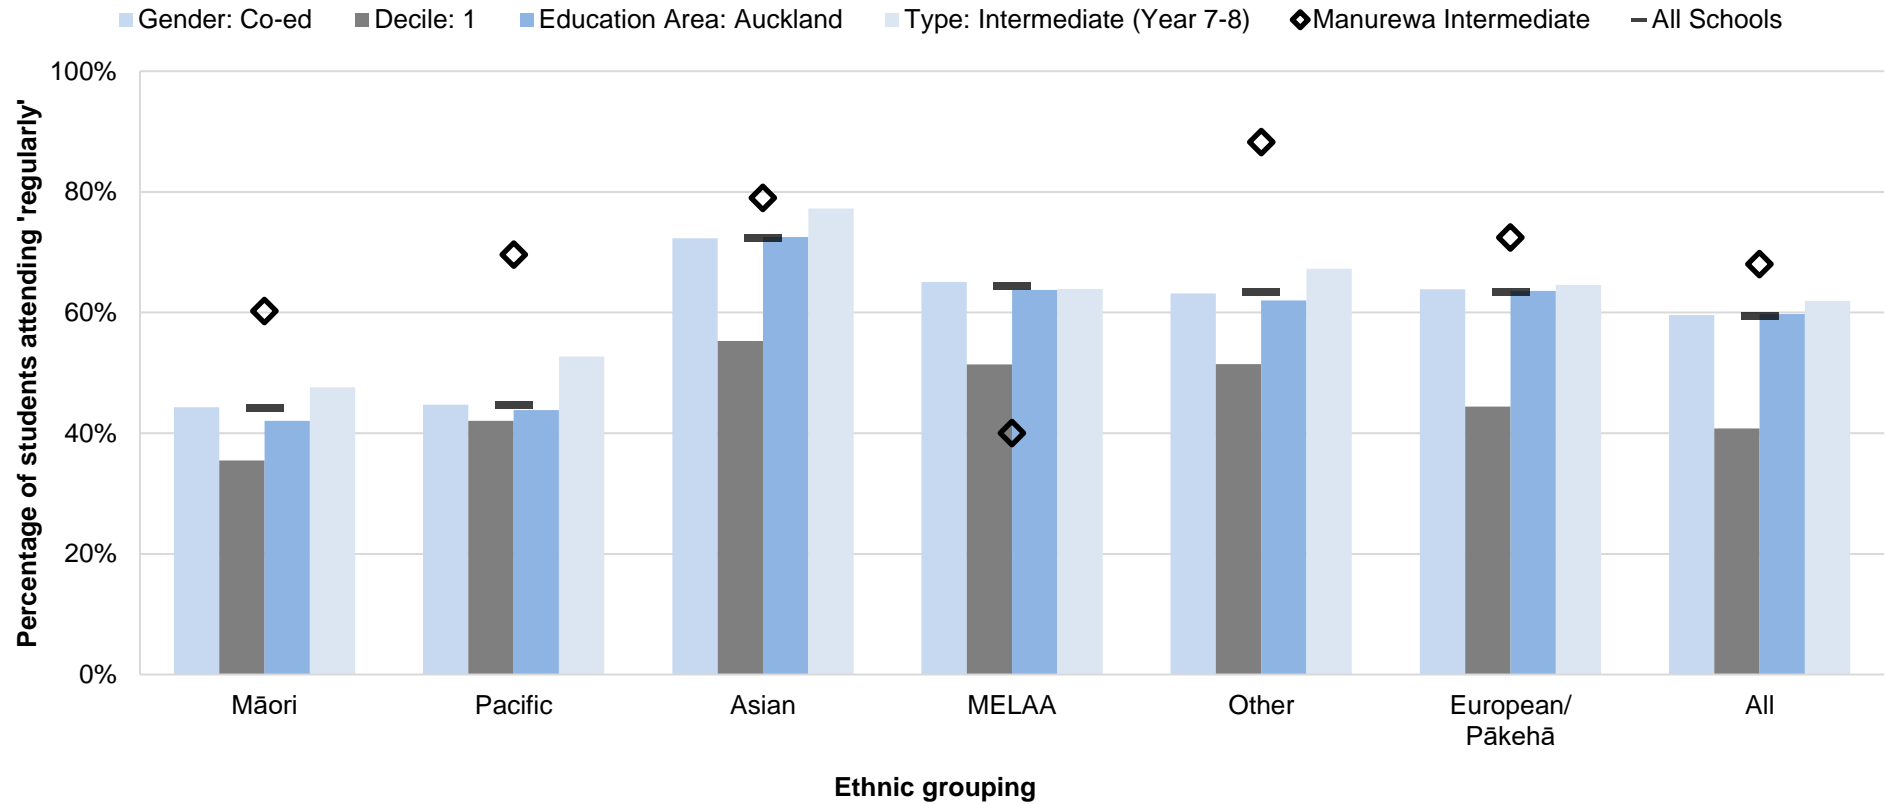

The percentage of Year 7 students (your highest-attending group) attending regularly was greater in your school than in all comparison groups.

• Note: Comparison by school type is not provided in this chart because school types are typically related to Year levels of students attending.

## 'Regular' attendance, by ethnic grouping (Term 2, 2021)

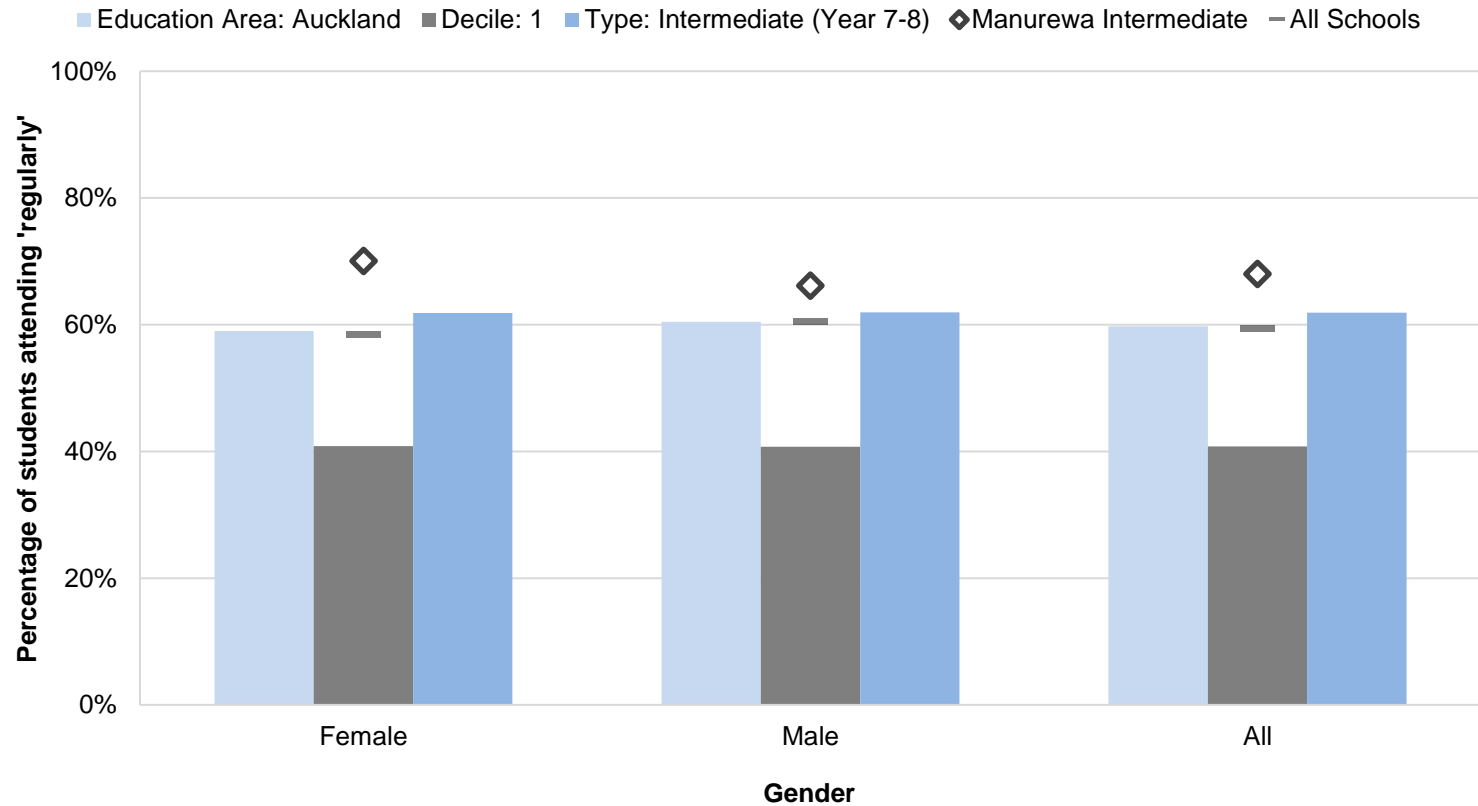

Comparing the proportion of students with 'regular' attendance at **your school** with national and like-school benchmarks.

The percentage of Other students (your highest-attending group) attending regularly was greater in your school than in all comparison groups.

## 'Regular' attendance, by gender (Term 2, 2021)

Comparing the proportion of students with 'regular' attendance at **your school** with national and like-school benchmarks.

The percentage of female students (your highest-attending group) attending regularly was greater in your school than in all comparison groups.
